PAST PERFORMANCE

Sperry Chalet Phase 2 2019 Rebuild

Glacier National Park: Whitefish Heliarc was selected to provide over 30 pieces of unique 16 gauge 304 Stainless Steel to cover the existing chalet kitchen fixtures making the commercial kitchen code compliant. The existing features, built in 1904 are classified as Historical Fabric by the US Government and Parks Department.

Great Northern Brewery & Kalispell Brewing:

Whitefish Heliarc installed over 200' of sanitary piping used to modify existing brewing systems and increase capability of the breweries. Modification included the retrofitting of existing piping, fittings and complex mechanical valve systems.

EXECUTIVE SUMMARY

Whitefish Heliarc is a service-connected disabled veteran owned, Hub-zone certified small business providing code compliant precision welding and fabricating services.

Whitefish Heliarc specializes in Gas Tungsten Arc Welding (TIG/GTAW) for stainless steel and other high alloy applications, that require conditions during production to be considered sanitary (hygienic).

Whitefish Heliarc's *focus driven* approach delivers *first time quality* through knowledge, experience and certification. Our ownership team is made up of Certified Welding Inspectors.

Code Compliance is demonstrated by continued guidance from the worldwide accepted American Welding Society (AWS) codes and standards that dictate our processes.

CORE COMPETENCIES

Gas Tungsten Arc Welding (GTAW/TIG)

Whitefish Heliarc's diverse team brings over 50 years of experience in the TIG welding discipline to include competencies in the aerospace sector, civilian, military, food service and the semiconductor industry.

Gas Metal Arc Welding (GMAW/MIG)

Light Machining

Certified Welding Inspection
